Principal’s News:

**Art Show:** Congratulations to Torquay College art teachers Mrs Swan and Mrs Loftus and our junior artists on an outstanding 2017 art show. Please call in with your children and walk through the beautiful displays in F Block. We have some absolutely outstanding art pieces on display.

**Class structure for 2017:** Torquay College will be placing our students in grade five level and grade six level classes in line with the rest of the school structure in 2017. Once again I remind all parents that any requests for student placements must be in writing to me by the end of the week. This week the principal team will meet to develop the 2017 class structures and staffing arrangements. Teachers are currently creating classes and we thank you for your instructions for students to be separated in 2017. Please note that the students will be telling their class teachers their list of friends of which we will do our best to have at least one of their friendship list in their 2017 class.

**School Camps:** I thank staff and volunteers for their support and commitment to ensure that our students have the opportunity to participate in school camps. Year five are at Cave Hill Creek and year six are at Howqua this week. Year three will be at Camp Wilkin next week. Please be aware that both Mr Smith and Ms Nadia are also attending these camps. I will be available for all parent contacts.

**Visiting schools:** Torquay College is noted for some of our excellent programs and we have many visits from other educators. Last Friday we hosted Epping Views Primary School leaders and this Friday we will be hosting a group of 24 principals from the region. This is a tribute to the excellent work done by our community, staff and students.

**Student Well-being:** Steve Brew, our school chaplain is a wonderful support to our staff and students. He works across the whole school and is also available to parents who may need additional support for their children or family. He is a key member of our Wellbeing staff. The Wellbeing staff are continuing to work with a small number of students who have difficulty managing their behaviour and controlling their feelings and actions. There are any number of reasons why children are unable to remain calm and treat others in a positive way.
PRINCIPAL REPORT Continued:

Play outside is important: As a society we’re making great strides toward obesity prevention. While we are working to keep our children at healthy weights, we must also strive to ensure healthy behaviours, attitudes, sensory function, strength and coordination. This is true health and to get it, our children should be introduced to a lot more outdoor playtime with their peers.

We can’t expect children to sit for hours on end, interspersed with little movement breaks and not expect consequences to their development. Some experts believe children need at least three hours of outdoor play on a daily basis in order to foster healthy sensory and motor development. They need opportunities to climb trees, run as fast as they can, use their imagination, test their strength, roll, climb, balance and even spin in circles. All of these activities use their brain, activate their muscles both big and small and engage the senses. This lays the foundation for being able to pay attention, listen and learn in a classroom setting.

So the next time you pick your children up from school, take them to a park and let them run around for a while. On the weekends spend the day at the beach, even if it’s not sunny and warm — there are benefits in being outside in all kinds of weather. Encourage them to ride their bikes to friends’ houses. Get to know your neighbours and create a community that watches out for the children so that they can play outdoors whether you live in an urban or a rural setting.

Studies indicate that when children switch from spending hours primarily indoors and sitting at a desk to one where the child is free to move and play throughout the day, the results can be far-reaching. Problems of poor attention all but disappear and children become attentive and active learners. Time spent playing outdoors fosters a joy of learning and confidence in one’s abilities — two critical elements in the classroom and in life. All it takes is some time and a place to play outside.

**VOCATIONAL CARE**

**IMPORTANT MESSAGE FOR FAMILIES USING THE HOLIDAY PROGRAM**

As a result of difficulties staffing our Vocational Care program (holiday program), we are currently reviewing the long term options of the program. Over the last 3 years, we have found it increasingly challenging to employ staff suitably qualified and who are able to commit to each of the holidays. Whilst we carefully consider the different options, we encourage families who use our holiday program to consider making alternative arrangements in the case we are unable to provide care throughout the January school holidays. Information about other holiday programs are available from the After School Care staff. We hope to have further information for you in the coming weeks.

**HELPERS NEEDED**

**YEAR 5/6 END OF YEAR PARTY**

**FRIDAY NOVEMBER 25th**

from 7pm to 9pm

On Friday 25th November, we have our Year 5/6 End of Year Party from 7pm to 9pm.

Our wonderful discos and parties can not run without our parent and carer helpers. The party will be held in the Presentation Room and Cafe.

If you are free and have a “Working with Children Check”, we would love your help, please email karen@brownink.com.au

Thank you, The Parent & Carers Committee.
SAUSAGE SIZZLE FUNDRAISER

On the 5th of November, Lawson Dale, Cooper Forbes and Noah Penny went down to Woolworths, for the Torquay College sausage sizzle, to raise money for the school and they did a GREAT job.

SHOUT OUT TO AMBER POTTER FOR ORGANISING IT!

We did well all day, we gave the customer’s options and made sure they got exactly what they ordered. We used our best manners, we weren’t silly near the barbecue, we shared the jobs around, we talked really well to the customer’s because we were not being shy at all.

We kept on having to go back into the supermarket to get more stuff such as sausages, onions and bread. We didn’t sell any drinks or anything else. Just sausages!

Torquay Carols By the Sea

Saturday 10th December

All students from F-6 are invited to participate in this year’s ‘Carols by the Sea’ with the Torquay College Choir. We will be singing 2-3 songs and are just beginning our rehearsals so it is the perfect time to join! If you enjoy sitting in the audience listening to the carols, you will love it even more singing them up on stage. The ‘Carols by the Sea’ are on Saturday 10th December, beginning at 7.30pm until 9.30pm. Rehearsals are fun and friendly and include singing, movement and instruments. We would love to see you come along to rehearsals on Tuesdays from 1.15-1.45 in C5.

Ms. Polwarth and Miss Rodgers

The Year 1 students will be decorating a Christmas Tree as part of the City of Greater Geelong Christmas Tree Project. If you have any old/unwanted spray cans or tins of lacquer that would help us seal the children’s artwork, we would greatly appreciate it. They can be dropped off at any of the Year 1 classes in B Block. Thank you

INDI'S SOCIAL ACTION PROJECT
CLEAN THE BEACH

Indi, for her social action project, cleaned up the beach.
She invited five family friends to help her.

FROM INDI
We went along Fisherman's Beach, and picked up over 1,000 pieces of rubbish (including all the tiny pieces). We found lots of rubbish including 200 plastic pieces, and 100 cigarettes alone. Please, if you know someone who smokes, remind them to **NOT** litter their cigarettes. Thank you. Indi.

RECYCLE, REUSE PROJECT

CAN YOU HELP?

Please ask your children if they would like to donate clothes, books and toys that are in good condition. Put the items into a white box that says Salvation Army. The Salvation Army is a place where there is help for people who are homeless.

Sara, Maddie & Shaeya

OUTSTANDING FAMILY ACCOUNTS

We are now in our final term and it is important that outstanding family accounts are paid.

Please ensure Year 3, Year 5 & Year 6 Camps are paid in full.

Please contact the office with any enquiries. Thankyou

Pupils have birds on the brain

BODEY DITTOFF

TORQUAY College’s education is taking flight as students embrace the chance to get up close and personal with some colourful feathered friends.

Bird species including an Amazon parrot, Quaker parrot and Latino galah visited the P-6 school with the Avicultural Society of Australia’s Geelong branch president, Joey Bastick, who currently has long-billed corella Badger in the care of the school.

Ms Bastick said a former teacher and society member had set the nature-based approach in motion about 10 years ago, describing it as “one of the best schools I’ve ever seen” in regards to the program.

“It’s actually really nice to get kids that are quite young (involved), because most of them haven’t seen a lot of birds,” she said.

“Quite a few of the kids end up with birds and wildlife of their own because they have an interest.”

The P-6 school’s environmental centre houses a range of reptiles, frogs, insects and fish to build around curriculum, while various birds are also cared for in conjunction with the Avicultural Society.

With a planted aviary, connecting ponds and wetland habitats, certain students are responsible for feeding, cleaning and mentoring other students in animal care.
